EQUINOX 900 - Quick Help

Sarah Schernthanner - 2026-03-06 - [EQUINOX 900](#)

Quick Help

1. Assembly

Attach the coil & secure the bolt.
Connect shafts & tighten camlocks if needed.
Connect the coil cable.
Ensure the magnetic charging port is clean.

2. Charging

Use a USB charger $\geq 2A$ @ 5V.
Full charge time: ~5-6 hours.

3. Quick Start

Turn On – Press the Power button.
Select Search Mode – Park / Field / Beach / (Gold* on 900).
Auto Noise Cancel – takes ~5 seconds.
Start Detecting.

4. Main Search Modes

Park - General detecting & trashy areas.
Field - Historical areas, wide target size range.
Beach - Wet sand, surf, underwater.

5. core controls

Power
